

The H1B Approval rate of 2019

H-1B outcomes

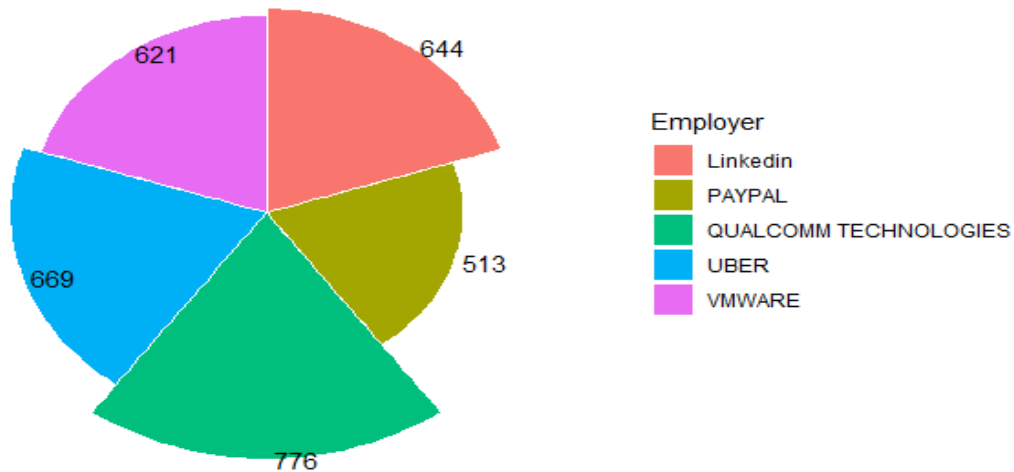

H-1B approval rates remain well below where they stood five years ago when cases had a 95.7% chance of approval. In the first three quarters of FY 2019, the overall H-1B approval rate was 83.9%. The US map shows the State-wise Approvals.

The best-case H1B approval data is updated daily using the official USCIS processing times and California center ranks at the top for the Highest Approval rate. The bar chart depicts that the California center has the highest approval rate which is more than 35k.

The Employers with the highest approval rate in California are Qualcomm, Uber, VMWARE, LinkedIn, and PayPal.
