IE6600 Homework Instructions

Once the homework is completed, you need to save your dashboard as tableau workbook(.twb).

Submission will only be accepted on Piazza, please make sure you have done all the steps as following:

- Create a **public** post to **entire class** > Select **hw7** tag > Summary/Title should be **hw7-submission-YourFullName**
- Cite your classmate(author), **Author: Name**
- Cite the original data source
- Put your topic title in the note
- Insert your .twb file
- Attach and present the image/screenshot of your dashboard

Section A

Take a look of your fellow classmates' posters(hw6). Choose one of them in which you are interested. Reproduce the plots from the poster you selected by using tableau. You may reach out the author for details or information on creating the plots. Extra points (15pts) will be given if some new aspects of the original data have been added into your dashboard.
